**POLY SHEEN MULTI®**

100% trilobal polyester

## The Pot of Gold is just beyond the Rainbow of Mettler.

Even the unique beauty of each rainbow can't compare to the brilliance of Mettler's new multi color thread, Poly Sheen Multi®. Just as there are no two rainbows exactly alike, no two projects will appear the same when stitched with Mettler's new Poly Sheen Multi® color threads.

Appearing in 42 fashion-inspired ombre and variegated color combinations, Poly Sheen Multi® is perfect for many applications including quilting,

decorative embroidery and thread painting. The possibilities are limitless, beyond imagination even as color blending, shading and shadowing effects play on fabric colors and textures transitioning from one look to another.

Mettler's Poly Sheen Multi® thread transforms your creative vision into a reality of shimmering riches.

*Mettler®*

the premium quality sewing thread
