

IntimaSoft®

Micro-denier  
Textured  
Polyester

# IntimaSoft®

*A&E's micro-denier textured polyester thread*

World of A&E

## Softest Seams

**Application:** Used in overedge and coverstitch machines for seaming and serging Intimate Apparel and other knit garments requiring a very soft seam.

### Features & Benefits:

- 100% first quality micro-denier polyester yarn
  - Superior seam elasticity on stretch garments
  - Good chemical resistance
  - Good color fastness
- High bulk Textured thread construction
  - Superior seam coverage on overedge and coverstitch seaming applications
  - Superior seam elasticity
  - Softer "hand" contributing to more comfortable garments
  - No yarn imperfections that can lead to sewing interruptions
