World of A&E

Why should you consider using A&E's High Performance BOBBINS?

Features

- Precision wind contributing to 20 to 25% more yield than sewing machine wound bobbins
- Longer run times - fewer changes
- Consistent yardage for more consistent run times
- Bobbins are available Sided or Sideless in twisted or monocord thread construction
- Bobbins are usually sold by the gross (144bobbins per box)

Durability that Lasts!
