Signature Plus®

POP! Pizzazz! Topstitching!

A&E's *Signature Plus*® thread allows you to add excitement to your topstitching that your Customers will love. Made with a tri-lobal polyester air-entangled thread construction, *Signature Plus*® looks larger than it actually is because of its flat cross-section.

IN THE JEANS

Dressed up or down, designer denim is the key to style this season!

Benefits:

- Add style and Luster to your topstitching
- Maintains sheen after laundry
- Very durable alternative to Lurex or Metallic threads.
