Anecord® Nylon

A&E's global monocord nylon thread

Features & Benefits:

- Made with high-tenacity Type 6.6 Nylon continuous filament yarns
 - Exceptionally strong for their size
 - Superior abrasion resistance and seam durability
 - Superior strength retention after heat exposure to Type 6 Nylon
- Made with a monocord thread construction
 - Flat and ribbon cross-section providing excellent abrasion resistance
 - Can be wound with more yards per bobbin than a twisted nylon thread
- Pressure dyed
 - Superior color fastness
- Available with a state-of-the-art bonded finish
 - Good ply security and abrasion resistance
- Superior low-friction thread lubricant
 - Superior needle heat resistance
 - Superior frictional characteristics for a more consistent stitch appearance.
