# Anefil™ Reflector

Reflective Visibility in an Industrial Sewing Thread

A&E's Anefil™ Reflector is an industrial sewing thread designed and engineered for reflective visibility. Ideal for sewing a wide range of products, Anefil™ Reflector provides maximum luminescence and durability while maintaining aesthetic appearance.

Ideal for creating a decorative, reflective seam in coverstitch and overedge stitch applications, Anefil™ Reflector can be used in a wide variety of apparel categories including, Activewear, Workwear, Safety Apparel, Swimwear, Denim and Footwear.

Multiple put-ups are available for added convenience and optimal payoff.

## FEATURES

- Reflective Properties**  
 A reflective core reflects light back to a light source, ensuring maximum visibility in low light situations.
- Sewability**  
 The unique construction of the product allows for use in a wide variety of applications, apparel and non-apparel; activewear, denim, uniforms, and emblems.
- Size and Functionality**  
 Anefil™ Reflector is offered as a versatile product and valued addition to the reflective market. Available in Tex 120, Anefil™ Reflector adds another layer of functionality in sewing that has traditionally only incorporated reflective tape.

### Applications include:

Activewear

Workwear

Swimwear

Denim
