Anecord Nylon®

Bonded Monocord, Nylon Sewing Thread

A&E's **Anecord Nylon®** is ideal for sewing a wide range of products. This thread's bonded monocord construction features a flat, ribbon-like cross section for low-profile stitches providing excellent overall abrasion resistance.

Anecord Nylon® is regularly used in automotive, furniture, seatbelts, luggage and handbags, medical and orthopedic devices, safety, and specialty industrial among others.

FEATURES

- Low Profile Abrasion Resistance**
Anecord Nylon® features excellent overall abrasion resistance due to the monocord construction making it ideal for applications that require low-profile stitching.
- Superior Sewability**
Anecord Nylon® has been engineered to provide good seam strength, an excellent ply, and superior sewability.
- Very Good Colorfastness**
 This durable thread provides very good colorfastness with good chemical resistance. **Anecord Nylon®** is available in a wide range of color.

Applications include:

Automotive

Furniture

Fall Protection Products

Footwear
