

Super Brite Polyester®

High Tenacity, Trilobal Polyester, Embroidery Thread

For over a century Robison-Anton® has led the commercial embroidery industry with the finest embellishment and decorative threads. A&E's Robison-Anton® **Super Brite Polyester®** is made from super bright, trilobal polyester providing a premium embroidery thread that displays high tenacity and brilliant color.

Displaying superior colorfastness, **Super Brite Polyester®** allows for beautiful color, excellent stitch formation and appearance, making it a high quality alternative to rayon embroidery threads.

Super Brite Polyester® #122 is available in over 450 vibrant colors. **Super Brite Polyester® #60** is available in 12 brilliant thread colors. Each are great choices for creating intricate, decorative stitch applications.

Super Brite Polyester® is now available in a finer size! Check out the NEW #60 weight in 12 bright thread colors.

Ask Your A&E Sales Representative on Available Product with this Certification.

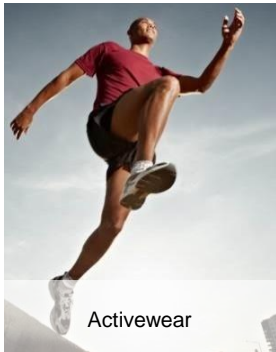

FEATURES

- Brilliant Color**
Super Brite Polyester® is made from super bright, trilobal polyester fiber allowing for beautiful color with a high sheen. This polyester embroidery thread is a high quality alternative to traditional rayon embroidery threads.
- Superior Sewability**
Super Brite Polyester® displays very good abrasion resistance providing superior sewing reliability and performance when sewing on a wide range of embroidery machines.
- Color Availability**
Super Brite Polyester® is available in wide array of embroidery thread colors, many of which have been cross-matched by Pantone to the closest available colors within the PANTONE MATCHING SYSTEM. A&E is an authorized PANTONE® partner.

Applications include:

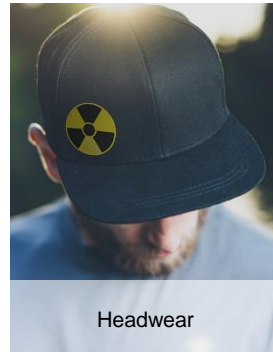

Children's Wear

Activewear

Footwear

Headwear

PANTONE® and other PANTONE trademarks are the property of PANTONE LLC.
