

SIGNATURE® PLUS

HIGH LUSTER, AIR-ENTANGLED, TRILOBAL POLYESTER SEWING THREAD

A&E's Signature® Plus is a 100% bright, trilobal polyester, air-entangled sewing thread designed to deliver superior luster and sheen for use in topstitching. Regularly used in denim decorative and contrast stitching applications, Signature® Plus allows the creation of ultra-bright stitches. It's air-entangled construction delivers a thread with good seam strength and abrasion resistance for efficient sewing, minimizing machine downtime.

BENEFITS

HIGH LUSTER STITCH APPEARANCE — Displays an ultra bright, lustrous appearance due in part to the flatter cross section trilobal polyester provides, helping to maintain a brilliant color sheen before and after laundering.

EXCELLENT SEWABILITY — Engineered for an excellent sewing performance on manual and automatic multi-directional sewing machines and in some select embroidery applications for increased productivity and efficiency.

VERY GOOD COLORFASTNESS — Durable in laundering, this thread provides very good colorfastness with good chemical resistance.
