

SUPER SAFE®

100% META-ARAMID, EMBROIDERY THREAD

An embroidery thread that performs, A&E's 100% meta-aramid, Super Safe®, delivers resistance to long or short term heat or flame exposure that regularly occurs in the protective apparel and workwear industries. Super Safe® has been reviewed under current guidelines and approved by UL standards for use in protective garments. For a comprehensive list of approvals, inquire with your A&E sales representative.

Steeped in rich heritage, A&E's Robison-Anton® brand products are considered the trusted name for quality embellishment and decorative threads in the commercial embroidery industry.

BENEFITS

EXCELLENT RESISTANCE TO LONG OR SHORT TERM HEAT EXPOSURE — Engineered to withstand temperatures up to 700 °F (371 °C), Super Safe® provides superior long-term heat resistance compared to para-aramids.

EXCELLENT ABRASION AND MILDEW RESISTANCE — Unaffected by age, Super Safe® delivers excellent abrasion and mildew resistance, making it an ideal embroidery thread for protective and combat products.

VERY GOOD COLORFASTNESS — This meta-aramid embroidery thread is available in a variety of colors displaying good chemical resistance when laundering and resisting most organic solvents.

HIGHLIGHTED USES

- Embroidery
- Decorative
- Protective Apparel
- Specialty Industry
- Workwear
- Racing Industry
- Headwear
