Signature® Cotton Covered Polyester Thread

Signature® cotton covered polyester thread is a natural choice for those who require an extra strong thread for machine quilting, but prefer cotton thread to match their cotton fabrics. The polyester thread provides strength while the cotton thread covering offers the same soft feel as the cotton fabric.

SIGNATURE® 100% MERCERIZED LONG-STAPLE COTTON THREAD

**NEW! Signature®
Transparent Quilting
Thread**

Eliminate the need to color match thread to fabric with this great addition to Signature's quilting line. The new .004 high tenacity monofilament nylon thread. This transparent thread comes in two neutral colors, and sews beautifully in the needle as well as in the bobbin. When used in the bobbin, unbalanced stitches go unnoticed; and the need to match the needle thread disappears.

Suggested Retail - \$2.75 per spool.

500 Clear 500 Smoke

Solid Color Cotton Thread

Signature® Machine Quilting 100% mercerized long-staple cotton thread is the perfect choice for those purists preferring cotton through and through. The three-ply, long-staple fiber construction, combined with the mercerization and finishing processes this fiber passes through, all contribute to the superior strength, luster, and low lint properties of this high quality thread. Whether you're using free motion techniques, high speed multi-directional designs, or just doing general sewing, you'll enjoy excellent sewability on both longarm quilting and home sewing machines.
