

# Signature®

THE WARMTH OF PATCHWORK

## Decorative Spun Polyester Size 30

Quilts have long been a patchwork of fabric extras in various colors, shapes, sizes, and textures sewn together to create a warm and cozy covering. As the art evolves, creative quilters are blending fabrics and threads that express a patchwork of personal expressions into functional as well as decorative quilted pieces. Signature Decorative Spun Polyester thread brings new dimensions to these priceless treasures with its timeless selection of beautiful patchwork color combinations.

Each color combination consists of traditional colors that are aligned in four inch segments to create pronounced surface effects. The Size 30 spun polyester fiber is soft to the touch, strong and durable for multi-directional sewing, but not bulky. Select Signature Decorative Spun Polyester thread to add color, warmth, and texture to your latest creation. Size 100/16 needle recommended.
