Innovate. Create. Deliver.

**Eight-way hand tied** furniture construction is the hallmark of quality in the upholstered furniture and bedding foundation market. These products are unsurpassed in their longevity and comfort. For the last three decades, Ludlow® brand twines have been the choice of furniture manufacturers and re-upholsterers for eight-way hand tied applications. TUFF TWINE® is well known as a reliable and quality performer. A&E's newest product, WHISPER TWINE®, is specially designed to offer the quietest performance for ultra-high end furniture.

For tufting and cinching applications, A&E offers bonded, waxed and heat set products, including our premier Holdfast®, Golden®, and Thompson® twines. Jute welt cords are also available. Whether the application is eight-way hand tying, fabric cinching or futon mattress tufting, A&E's Ludlow® brand twines are the right choice for reliable performance.
