# Magic®

*A&E's air-entangled Polyester thread*

18,000 YD CONES

*Sew with Minimum Thread  
Breaks and Skipped Stitches  
with Magic®*

## Features & Benefits:

- Made with a air-entangled polyester thread construction
  - Greater strength than spun polyester threads of the same size
  - More durable seams
  - Single ply thread providing better ply security and minimizing unraveled type thread breaks
- Wound with a superior low-friction thread lubricant
  - Superior needle heat resistance
  - Superior frictional characteristics for a more consistent stitch appearance.
- Large fixed yardage put-ups available
  - Helps minimize stoppage time
  - Increases production output

*“There is a Difference”*

## Why should you consider using A&E's Magic® Air Entangled Poly Seaming Thread?

The Perfect Poly thread for Serge Border and Flanging Operations where minimum interruptions due to Thread Breakage and Skipped Stitches is a MUST!

### MAGIC®

Tex Size	Strength (lbs.)	Put-Ups
45	4.9	12,000, 18,000, or 24,000 yards
60	7.2	12,000 or 18,000 yards

To reduce thread cost, many Mattress Manufacturers are using T-60 Magic® in the needles and T-45 Magic® in the Loopers to reduce their total Thread Cost!

#### Other *Mattress Seaming Threads*:

*Magic*® HP – Even larger packages for minimizing interruptions and lowering your costs.

*Excell*® – Spun Polyester available in large put-ups.
