D-Core® Indigo

A&E's global cotton-wrapped poly-core thread for denim

Heavy wash

Light wash

Chameleon thread for denim

Features & Benefits:

- Cotton wrapped poly core dyed with indigo dyes
 - Cotton wrapper “washes-down” during finishing like the body fabric
 - Capable of sewing in a thread that will be the right color regardless of the finishing treatment
 - Excellent sewability and seam durability
- Premium performance of A&E corespun thread
 - Minimum repairs after laundry
 - Lower overall thread cost

dyed wrapper.

- D-Core® Indigo threads dyed with indigo dyes are available in the following sizes:
 - Tex 24 up to Tex 300.
 - A&E Global #: 33104
 - Dyed only in the US for Global Distribution
- D-Core® Indigo is made by dyeing the cotton wrapper with indigo dyes
 - The dyed wrapper therefore has varying degrees of indigo shading prior to sewing and laundering.
 - Customer's using Indigo should always do pre-production testing to assure that the thread will give the desired results.
 - A&E will not guarantee consistent wash-down results using D-Core® Indigo threads.
 - Customers must take responsibility for conducting in-depth testing for all applications using D-Core® Indigo, especially when placing Indigo into Embroidery patterns.
