Design-A-Core®

Design Your Own **Unique** Topstitching !

A&E's *Design-A-Core*® thread allows you to design a very unique high-lighted topstitching that **you and your customers** will love. Made from a Cotton-wrapped poly-core thread construction where the cotton wrapper is dyed a different color than the polyester core adding **STYLE** to your sewn products!

IN THE JEANS

Dressed up or down, designer denim is the key to style this season!

IN EMBROIDERY

Unlimited creativity!

Benefits:

- Unique matte two-tone stitching appearance
- Excellent sewability – same great benefits as D-Core
- Excellent seam quality – same great benefits of D-Core NWT
