

CLEARLON®

MONOFILAMENT, NYLON SEWING THREAD

A&E's Clearlon® is a specialized, monofilament nylon sewing thread, often sewn in blindstitch operations, as well as quilting, and soft home products. This thread is also ideal where thread stiffness and stitch removal are required and excels in attachment applications, like fabric labels and emblems. Available in a clear translucent color, Clearlon® blends with most colors.

Clearlon® is offered in a variety of sizes and conveniently available with or without a dome attachment.

BENEFITS

TRANSLUCENT IN COLOR — Clearlon® is provided in a clear, translucent color enabling this thread to blend with almost any color, providing for maximum color versatility in products that require this unique feature.

UNIQUE SEWING CAPABILITY — Engineered to provide good overall sewability when used in blindstitch sewing machines, Clearlon® delivers efficiency in specialized operations. This monofilament sewing thread features a consistent diameter, minimizing thread changes and machine adjustments.

HIGHLIGHTED USES

- Application / Emblem Attachment
- Dress Shirts
- Blindstitching
- Quilting
- Bedding / Soft Home
- Label Affixation
- Specialty Industrial
- Luggage
- Handbags
- Outdoor Products
