

# COCOON BOBBINS

## PREMIUM, PRE-WOUND COCOON BOBBINS

A&E produces a broad, collection of premium, pre-wound Cocoon Bobbins in a variety of sizes and fiber types, including; spun polyester and twisted multifilament nylon. Designed for use in Schifli embroidery machines and as an under thread in multi-needle lockstitch quilting operations, A&E's Cocoon Bobbins represent the perfect combination of quality and time-saving convenience.

Created under strict size controls, winding tension, and bobbin integrity, A&E's Cocoon Bobbins deliver excellent sewing performance on single, multi-head, and Schifli embroidery machines.

Ask your sales representative on the availability of A&E High Performance Bobbins.

### BENEFITS

**LOW VARIATION WIND** — Featuring a low variation wind, A&E's Cocoon Bobbins ensure a consistent bobbin size, shape, and integrity for a superior sewing performance on all embroidery machine types.

**YARDAGE CONTROL** — Engineered for even bobbin run outs through yardage control during winding. This allows for maximum efficiency when sewing long runs.

**WIDE VARIETY** — Offered in virtually all style and fiber types. Fiber types include: trilobal polyester, spun poly, cotton-poly blends, filament rayon, mercerized cotton, and nylon filament.
