

D-CORE® INDIGO

INDIGO DYED, COTTON WRAPPED, POLYESTER CORE SEWING THREAD

A&E's D-Core® Indigo is a premium core spun sewing thread manufactured with a continuous filament polyester core and cotton staple wrap and dyed with enhanced indigo dyes. A variant of A&E's popular D-Core®, D-Core® Indigo is dyed using special indigo dyes. Indigo dyes tend to wash down similar to the body fabric, allowing the thread to blend with the finished garment. D-Core® Indigo's thread construction provides higher strength over traditional, staple spun products.

BENEFITS

INDIGO DYE WASHES WITH GARMENT — Thread color is engineered to wash down with the garment during laundering for a worn appearance.

GOOD PLY SECURITY — Delivers greater seam integrity with good seam strength and abrasion resistance, while providing a higher resistance to stretching under normal sewing tensions.

EXCELLENT SEWABILITY — This thread's cotton wrap delivers superior needle heat resistance and delivers an excellent sewing performance on manual and automatic, multi-directional sewing machines with superior loop formation and fewer skipped stitches.

HIGHLIGHTED USES

- Denim
- Jeanswear
- Jackets
- Shirts
- Skirts
- T-Shirts
- Specialty Garments

*Physical characteristics provided are for comparative purposes only, final determination of suitability is the sole responsibility of the user. All physical data shown is based on current averages and should not be used as minimum requirements. There is a natural variation in the application of indigo dye to cotton fiber. Post process laundry techniques differ greatly. For desired results to be achieved it is recommended that adequate testing be used to confirm.

HIGHLIGHTED APPAREL SEWING THREADS

- **D-CORE®** — Cotton Wrapped, Polyester Core
- **D-CORE® INDIGO** — Indigo Dyed, Cotton Wrapped, Polyester Core
- **D-CORE® RFD** — Ready-for-Dye, Cotton Wrapped, Polyester Core
- **PERMA CORE®** — Polyester Wrapped, Polyester Core
- **PERMA CORE® ECO100** — 100% Recycled, Polyester Wrapped, Polyester Core
- **PERMA CORE® EXTREME** — Polyester, Staple Spun, Enhanced for Color Quality and Consistency
- **PERMA KOOL®** — Polyester Wrapped, Polyester Core, Lubricated with a Flame Retardant Finish

ECO-DRIVEN®

A&E's Eco-Driven mark is a symbol of A&E's commitment to sustainability and its continued investment in innovative technologies that help reduce the environmental footprint of A&E operations globally.

Together with parent company, Elevate Textiles, all Elevate brands support 2025 commitments on responsibly sourced fibers, reduced water consumption, and reduced greenhouse gas targets.

WHY CHOOSE A&E?

QUALITY THREAD PRODUCTS SINCE 1891 — A&E is the world's foremost manufacturer and distributor of premium quality industrial and consumer sewing thread, embroidery thread and technical textiles. A&E's dedication to providing its customers with the finest products and services, at the highest quality, delivered globally and steadfast commitment to superior quality and customer service make A&E the preferred thread supplier.
