ANEFIL NYLON®

TWISTED MULTIFILAMENT NYLON SEWING THREAD

Ask your A&E sales representative about available product with this certification.

Used everyday in the sewing of a wide range of quality made products, A&E's Anefil Nylon® delivers a sewing thread with good abrasion resistance and excellent strength for products requiring highly performing seams. This thread's twisted multifilament, nylon construction is excellent for manual and automatic multi-directional machine sewing.

Anefil Nylon® is available in Bonded, SST (Stretched), and STX (Non-Stretched).

ABRASION RESISTANCE

This sewing thread features good overall abrasion resistance, ideal for applications that need to employ low-profile stitching.

EXCELLENT SEWING PERFORMANCE

Engineered to provide great strength in the seam, this thread product provides for an excellent, consistent sewing performance.

VERY GOOD COLORFASTNESS

Displaying good colorfastness with good color resistance, this sewing thread is available in a range of popular colors.
