CLEARLON®

BONDED MONOFILAMENT, NYLON SEWING THREAD

A&E's Clearlon® is a specialized, monofilament nylon sewing thread. Translucent in color, this product is ideal where thread stiffness and stitch removal are required. Clearlon® excels in attachment applications found with fabric labels and emblems. It is also used regularly in blindstitch operations, quilting, and the sewing of soft home products, like decorative pillows and bedding.

VERSATILE TRANSLUCENCE

This thread delivers a clear, translucent color to blend with almost any color, enabling maximum color versatility for products that require this unique feature.

GOOD SEWING PERFORMANCE

Engineered to provide a good overall sewing performance when used in blindstitch sewing machines, this thread delivers efficiency for specialized operations. The monofilament sewing thread features a consistent diameter, minimizing thread changes and machine adjustments.

OPTIONAL DOME ATTACHMENT

This product is offered in a variety of sizes and conveniently offered with or without a dome attachment.
