COCOON BOBBINS

PREMIUM, WOUND COCOON BOBBINS

A&E produces a broad, collection of premium, pre-wound Cocoon Bobbins in a variety of sizes and fiber types, including spun polyester and twisted multifilament nylon. Designed for use in Schifli embroidery machines and as an under thread in multi-needle lockstitch quilting operations, A&E's Cocoon Bobbins represent the perfect combination of quality and time-saving convenience. Created under strict size controls, winding tension, and bobbin integrity, A&E's Cocoon Bobbins deliver excellent sewing performance on single, multi-head, and Schifli embroidery machines.

LOW VARIATION WIND

Featuring a low variation wind, A&E's Cocoon Bobbins ensure consistent bobbin size, shape, and integrity for a superior sewing performance on all embroidery machine types.

YARDAGE CONTROL

Engineered for even bobbin run outs through yardage control during winding, these bobbins allow for maximum efficiency when sewing long runs.

AVAILABLE FIBER TYPES

These cocoon bobbins are offered in most fiber types. Fiber types include: trilobal polyester, spun polyester, cotton polyester blends, filament rayon, mercerized cotton, and nylon filament.

WHY CHOOSE A&E?

QUALITY THREAD PRODUCTS SINCE 1891

Operating as a distinguished brand of Elevate Textiles, A&E is the world's foremost manufacturer and distributor of premium quality industrial and consumer sewing thread, embroidery thread and technical textiles. We are dedicated to providing our customers with the finest products and services, at the highest quality, and delivered globally. Learn more on A&E's corporate social responsibility and environmental sustainability initiatives, comprehensive product offerings, and global locations at WWW.AMEFIRD.COM.

INNOVATION

Global R&D

We operate four centers of product advancement.

Product Development

We align with brand and retail-driven trends.

Consistent Color

Centralized color, dye formulas, and practices to provide color consistency across regions.

GLOBAL SERVICE

On-site Technical Support

We are a partner, not just a supplier, offering local sales and technical assistance.

Sewn Product Analysis and Thread Costing Assistance

Quality and Productivity Training for Brand and Retail Offices and Factories

SUSTAINABILITY

Industry Leadership

We are a global leader in thread sustainability through our eco-friendly products and processes.

Continued Investment

We invest in innovative technologies

Certifications / Partnerships

HIGG Index, Oeko-Tex®, ZDHC, GRS, GOTS, Bluesign® System Partner, and others

SUSTAINABLE COMMITMENTS

Reduced Water Consumption

Manufacturing operations to reduce water intensity by 25% per production unit by 2025.

Responsibly Sourced Fibers

Products to be produced using more sustainable fiber types / greater percentages by 2025.

Path to Net Zero Emissions

Using developed energy and conservation efforts, we aim to be 100% Net Zero by 2050.

GLOBAL CAPABILITIES AND FOOTPRINT

A&E products are manufactured in 22 countries, distributed in 50, and sold in over 100 with production redundancy plans employed across multiple regions to prevent supply chain disruptions.
