TWISTER TWEED®

TWO-TONE, ULTRA LUSTER, RAYON EMBROIDERY THREAD

Created with two different, twisted colored yarns, Twister Tweed® is a unique, dual tone variation of A&E's iconic Super Strength Rayon® embroidery thread. Twister Tweed® provides the same beautiful color, smooth feel, tenacity, and lustrous sheen as Super Strength Rayon®, with a two-tone appearance.

As with Super Strength Rayon®, rayon sourced for use in A&E's Twister Tweed® is Green Shirt rated in Canopy's current Hot Button Ranking and Report. A&E supports the elimination of the use of ancient and endangered forests in viscose and other cellulosic products and is proud to use fiber with Canopy's Green Shirt designation.

TWO-TONE COLOR APPEARANCE

Individual fiber strand twisting allows the selection of 2 colors from 21 available colors to provide a distinctive look in decorative embellishments.

LUSTROUS, RICH SHEEN

Manufactured with high luster rayon filament, this thread delivers a silky appearance and rich sheen.

GOOD SEWING PERFORMANCE

Industry-trusted, this thread provides for a very good sewing performance on a wide range of embroidery machines with fewer thread breaks.
