Delivering an ultra lustrous appearance, Super Strength Rayon® provides beautiful color and high tenacity in a twisted multifilament, rayon embroidery thread. With a smooth feel, high sheen, and superior sewing performance, Super Strength Rayon® is a quality rayon product alternative to traditional, polyester embroidery threads.

Rayon sourced for use in A&E's Super Strength Rayon® is Green Shirt rated in Canopy's current Hot Button Ranking and Report. A&E supports the elimination of the use of ancient and endangered forests in viscose and other cellulosic products and is proud to use fiber with Canopy's Green Shirt designation.

## LUSTROUS, RICH SHEEN

Manufactured with high luster rayon filament for a silky appearance, this thread delivers a richer sheen compared against traditional polyester embroidery threads.

## GOOD SEWING PERFORMANCE

Industry-trusted, this thread provides for a very good sewing performance on a wide range of embroidery machines with fewer thread breaks.

## COLOR AVAILABILITY

Available in 370 thread colors, this embroidery thread is cross-matched by Pantone® to the closest available colors within the Pantone® Matching System.
