HIGH PERFORMANCE, TEXTURED POLYESTER SEWING THREAD

Ask your A&E sales representative about available product with this certification.

A&E's high-performance textured polyester sewing thread, A-A-52095C, is ideal for seaming and serging knit and woven fabrics. This sewing thread provides superior seam elasticity, softness, and seam strength delivering across the board performance and longer lasting seams. Prewound bobbins are available.

This A&E product meets U.S. government A-A-52095C specifications and is Berry Amendment compliant. A-A-52095C government spec replaced A-A-52095B for all federal agencies.

## EXCELLENT SEAM ELASTICITY

Displaying superior elongation and seam strength for a great all-around performance and longer lasting seams.

## EXCELLENT SOFTNESS

Engineered with incredibly soft, textured polyester, this thread is regularly chosen for next-to-skin applications.

## GOOD COLORFASTNESS

Partially translucent, this thread blends with many different shades for good overall colorfastness. This thread is durable in laundering with good chemical resistance.
