A-A-59989

QUALITY SPUN POLYESTER SEWING THREAD

A&E's A-A-59989 is a polyester staple spun sewing thread, twisted and finished for optimum sewing performance. For use in general sewing, light, and heavy weight garments, A-A-59989 is an ideal thread for multiple applications where traditional staple spun polyester is required. This sewing thread provides excellent seam strength and sewing performance across multiple operations.

This A&E product meets U.S. government A-A-59989 specifications and is Berry Amendment compliant. A-A-59989 government specification replaced MIL-T-43624B within all federal agencies.

EXCELLENT SEWING PERFORMANCE

This thread product displays an excellent and consistent performance on manual and automatic multi-directional sewing machines with fewer sewing interruptions.

VERY GOOD SEAM SOFTNESS

Developed for when a traditional staple spun polyester thread is required, this thread displays a soft hand.

VERY GOOD COLORFASTNESS

This thread exhibits very good colorfastness and laundering durability performance with good chemical resistance.
