100% RECYCLED THREAD

Ask your A&E sales representative about available product produced in GRS SCOPE CERTIFIED facilities.

Eco-Driven®

RSL
APPROVED

Ask your A&E sales representative about available product with this certification.

An eco-friendly choice for seaming and serging knit and woven fabrics, A&E's Best Stretch® ECO100 is manufactured with 100% recycled, textured nylon to deliver comfort and performance in a variety of sewn apparel products. Developed to provide high bulk and superior seam softness, Best Stretch® ECO100 is an ideal bottom thread in next to skin applications, while boasting excellent seam elasticity and stretch recovery. Best Stretch® ECO100 is produced in GRS SCOPE CERTIFIED facilities.

100% RECYCLED, TEXTURED NYLON

Manufactured with 100% recycled, textured nylon, this eco-friendly thread option is an excellent, sustainable choice for the sewing of responsible apparel.

HIGH BULK SOFTNESS

This sustainable sewing thread softens the feeling of sewn seams, providing engineered coverage for comfort in next-to-skin applications.

EXCELLENT SEAM ELASTICITY

Displaying ultra-low shrinkage, this thread assists in reducing puckering during finishing and laundering with a higher resistance to stretching under normal sewing tensions.
