LONG STAPLE AND RING SPUN FOR A COTTON THREAD WITH **MORE STRENGTH**.

DENIM | GARMENT OVERDYE | CASUAL WEAR | WOMENSWEAR | CHILDREN'S WEAR

ANECOT PLUS®

LONG STAPLE, SPUN COTTON SEWING THREAD

A&E's Anecot Plus® is a 100% long staple, spun cotton sewing thread, twisted and finished for optimum sewing performance on manual and automatic multi directional sewing machines. Ideal for applications in which a high strength, natural fiber is required, Anecot Plus® is an excellent choice for garment overdyeing. Anecot Plus® is available in soft, gassed, and mercerized and gassed thread variants.

GOOD TENSILE STRENGTH

This ring spun cotton thread provides higher tensile strength versus short staple cotton thread products of the same type and size.

WILL NOT MELT

This long staple cotton thread will not melt and is unaffected by needle heat or pressing, due to its natural fiber type.

EXCELLENT FOR OVERDYE

An exceptional product for garment overdye, this thread has very good colorfastness.

DENIM ● GARMENT OVERDYE ● CASUAL WEAR ● WOMENSWEAR ● CHILDREN'S WEAR
