ANEFIL NYLON® ECO100™

100% RECYCLED, TWISTED MULTIFILAMENT
NYLON SEWING THREAD

Ask your A&E sales representative about available product produced in GRS SCOPE CERTIFIED facilities.

Ask your A&E sales representative about available product with this certification.

Ethically produced in GRS SCOPE CERTIFIED facilities, A&E's Anefil Nylon® ECO100 is manufactured using 100% recycled, 6.6 nylon. Providing very good abrasion resistance and excellent seam strength, Anefil Nylon® ECO100 delivers a great sewing performance with a sustainable story. This 100% recycled, twisted multifilament sewing thread is available in bonded or soft finishes and is ideal for use in an array of non-apparel applications, namely footwear, automotive, and furniture applications.

100% RECYCLED POLYESTER

Constructed using a 100% recycled, twisted multifilament nylon filament, this sustainable thread delivers excellent seam integrity and strength within the seam.

ABRASION RESISTANCE

This sewing thread features excellent overall abrasion resistance, ideal for applications that need to employ low-profile stitching with a sustainable touch.

EXCELLENT SEWING PERFORMANCE

Engineered to provide great strength in the seam, this thread product provides for an excellent, consistent sewing performance.
