ANESAFE®

SPUN META-ARAMID SEWING THREAD

Ask your A&E sales representative about available product with this certification.

Manufacturers around the world depend on A&E's Anesafe® to deliver best in class seam performance in some of the harshest environmental conditions where second-best is not an option. Ideal for seaming in protective clothing, this 100% meta-aramid, staple spun sewing thread is designed to deliver resistance to long- or short-term heat or flame exposure, while providing great seam integrity.

Anesafe® has been reviewed under current guidelines and approved by UL standards for use in protective garments. For a comprehensive list of approvals, ask your A&E sales representative.

EXCELLENT HEAT RESISTANCE

Engineered to withstand temperatures up to 700 °F (371 °C), this thread provides superior long-term heat resistance compared against para-aramids.

EXCELLENT ABRASION AND MILDEW RESISTANCE

Unaffected by age, this thread delivers excellent abrasion and mildew resistance, making it an ideal choice for protective and combat products.

VERY GOOD COLORFASTNESS

Available in a variety of colors, this thread displays good chemical resistance when laundering and resists most organic solvents.
