BEST STRETCH®

HIGH BULK, TEXTURED NYLON SEWING THREAD

A&E's Best Stretch® is a high bulk textured nylon sewing thread, ideal for seaming and serging knit and woven fabrics. Boasting superior seam elasticity and seam softness, Best Stretch® provides comfort, coverage, and performance in a variety of sewn products.

HIGH BULK SOFTNESS

This product softens the feeling of sewn seams, providing engineered coverage for comfort in next-to-skin applications.

EXCELLENT SEAM ELASTICITY

Displaying ultra-low shrinkage, this thread assists in reducing puckering during finishing and laundering with a higher resistance to stretching under normal sewing tensions.

GOOD COLORFASTNESS

Partially translucent, this thread blends with many different shades for good overall colorfastness.
