Ask your A&E sales representative about available product with this certification.

Regularly used and preferred in workwear and performance applications, A&E's Signature® embroidery thread provides quality sewing performance, coverage, and abrasion resistance. This thread's high luster appearance displays great definition on intricate stitch patterns. Bobbins available.

Signature® is certified in country of origin for USMCA and CAFTA-DR compliance and is manufactured in compliance with US government and Berry Amendment standards.

## EXCELLENT SEWING PERFORMANCE

This quality embroidery thread is designed to maximize performance on high-volume production. Its unique construction eliminates thread breaks due to ply separation and minimizes sewing interruptions.

## EXCELLENT ABRASION RESISTANCE

Specially constructed to lay flat, this product offers superb abrasion resistance versus traditional embroidery threads, making it a popular choice for decorative applications in workwear and performance products.

## EXCELLENT COLORFASTNESS

This performance embroidery thread delivers striking color in 372 shades and is engineered to remain true through industrial wash cycles, reducing color transfer.
